THE PORCH LAUNCHES MONDAY NIGHT FOOTBALL

Traverse City, MI, November 14, 2019— The PORCH Recovery Community Center, a project of Addiction Treatment Services, has recently launched “Monday Night Football” gatherings for those in all stages of recovery. The aim of these gatherings is to promote a safe and sober place for those in recovery to congregate, network, and have fun. The vision for The PORCH is to create vibrant gathering place to strengthen community health by offering opportunities to engage in peer support, resources, and social activities that are reflective of all pathways to recovery.

“Part of what we’re trying to do at The PORCH is to offer a space for social activities to people in our community that are in recovery. Being able to watch the game in a safe and sober place, with others in recovery, is fun, promotes comraderie, and builds connection,” says Matt Zerilli, PORCH Recovery Community Center Manager.

Monday Night Football meets at The PORCH every Monday from 7:30 pm – Midnight and is open to those in all stages of recovery. Attendees are encouraged to bring a dish to pass. You can see more at The PORCH Facebook page: <https://www.facebook.com/groups/theporchats> or contact Matt Zerilli, PORCH Recovery Community Center Manager, at mattz@addictiontreatmentservices.org or 231.633.5401.
